REPORT 2018-19 Career Guidance

The program was basically for the students of B.A ,B.COM , B.B.A , B.B.A(C.A),BSC (C.S) which are in their career deciding years. Our college counsellor organized the program in the seminar hall of the college at 9:00 am . The program started by 9:15 after all the students were seated at the respective rows allotted for each class. Firstly our counselor introduced us to various courses of science, commerce and arts as the basics and then she explained us the sea of opportunities in the outer world. She also encouraged us on choosing the field we're interested in rather than allowing somebody else to govern it. In the program we also learnt about various subjects of courses such as, marketing, Indian economy, communication skill and many more which are generally not told to the students. We should choose the subject and area in which we're genuinely interested and only then we will be able to succeed and make a name for ourselves. Our various subject teachers also told their experiences while introducing their subjects and telling us the courses that they did in order to become what they are

By the end of the program we were given two forms, a feedback form and a form which will have our basic details and our field of interest through which our college will help us explore more in that subject. The program ended by 2 pm and then we were allowed to go and have food. We all learnt a lot in the program and were very happy that our college organized such an interesting program. I thank every teacher, principal sir and especially our counselor ma'am who helped us a lot.
